Join Move Oahu Forward and the Honolulu Authority for Rapid Transportation for the first public viewing of HART's Honolulu Train #1. It will be a fun-filled day with lots of excitement for the entire family – including train tours, community entertainment, rail project information, and much more!

- Take a brief entry tour of HART's state-of-the-art Rail Operations Center aboard a fun-filled ride on the Waikiki Trolley
- Step inside and tour the first high-tech driverless train in the United States
- Learn about the rail project at the Move Oahu Forward Educational Pavilion featuring giant informational displays, train and rail station models, video simulations, and project staff to answer questions
- Receive a printed commemorative train day keepsake (first 2000 persons)
- Receive special offers from "Shop & Dine on the Line" participating stores, restaurants and services to support local businesses during rail construction
